Announcing Temenos UXP Browser Integration

2022-11-22 - Adam McStravick - Comments (0) - Temenos News

We are proud to announce the culmination of a joint effort between Lasernet and Temenos, a significant milestone in our core mission and vision to develop our product integration strategy: Temenos UXP Browser integration.

Headline features and benefits

- Integration between Lasernet's banking platform and the Temenos UXP Browser
- Brings powerful features from previous browser web integrations into UXP Browser
- Facilitates first-class document generation, upload, search, and download
- Available directly in the interface of the Temenos UXP browser product
