End of support for Dynamics AX 2009 Connector

2022-03-07 - Alex Clemons - Comments (0) - General

On the **12th of April 2022**, Microsoft is ending extended support for AX2009, with Mainstream support already having ended in October 2018.

https://docs.microsoft.com/en-gb/lifecycle/products/dynamics-ax-2009.

As a result, we have decided to end support for the **AX2009** Connector.

We would strongly encourage all systems running AX2009 to be migrated at the earliest opportunity to a newer release that is both supported by Microsoft, as well as Lasernet.

If you have any questions about this, please contact our Support Team at support@lasernetgroup.com.
