Lasernet for Dynamics - CE Installation Guide: Released!

2023-08-16 - Alice Petruzzella - Comments (0) - Lasernet CE Connector News

We are happy to announce that the new Installation Guide for the Lasernet Connector for Microsoft Dynamics Customer Engagement has been released!

The Lasernet for Dynamics solution includes a versatile connector for linking FO and CE. The Lasernet CE Connector allows users to run Lasernet reports from within CE using all the functionalities of FO, including archiving, destination setup, query building, automation, etc.

Moreover, the connector allows users in both systems to run reports using a combined dataset from both environments, to provide a more complete reporting solution.

The Installation Guide will walk users step-by-step through the process of installing and configuring the Lasernet CE Connector so that they may be able to make the most out of this powerful tool.

Follow this link to read the guide.
